PROFESSIONAL SUMMARY

Aspiring Full Stack Developer and Machine Learning enthusiast pursuing a degree in Computer Science and Engineering. I enjoy turning ideas into practical, real-world software and have experience working with Python, Django, Tkinter, and SQLite. I'm a curious and proactive learner who likes solving problems, improving systems, and building projects end-to-end. My work across different technologies has helped me stay adaptable and continuously grow as a developer.

EDUCATION

Bachelor of Engineering (CSE) Sri Shakthi Institute of Engineering & Technology, Coimbatore	2023–Present Current GPA: 7.8
Higher Secondary (XII) PMG Matriculation Higher Secondary School, Coimbatore	2022–2023 Percentage: 75%
Secondary (X) PMG Matriculation Higher Secondary School, Coimbatore	2020–2021 (Pass)

INTERNSHIP EXPERIENCE

- **Full Stack Development Internship – Code Alpha** (Oct 2025)
Worked on Django-based web applications and API integration.
- **Full Stack Development Internship – Arttifai Tech** (July 2025)
Assisted in building full-stack modules and improving database workflows.
- **UI/UX Internship – Arttifai Tech** (July 2025)
Designed Figma wireframes and improved user interface layouts.

HACKATHON PARTICIPATION

- **Smart India Hackathon (SIH) 2025 & 2024**
Worked on backend development using Java Spring Boot and contributed to team-based problem solving.
- **Truth Tell Hackathon 2024**
Built quick Python-based prototypes focused on validation and rapid development.
- **Web3 Hackathon 2025 (Unstop)**
Explored decentralized application concepts and basic blockchain workflows.

CERTIFICATIONS AND TRAINING

- **Full Stack Development with Python – Xplore IT Corp** (Nov 2024 – Jun 2025)
Completed an intensive hands-on training program covering Django, HTML, CSS, JS, and SQLITE.
- **NPTEL – Python for Data Science (Elite Certificate)** (2025)
Completed coursework covering Python programming, data handling, visualization, and basic machine learning techniques.

TECHNICAL SKILLS & EXPERTISE

- **Full Stack Development:** Django, Flask, React.js (Frontend), Tkinter (Desktop), HTML, CSS, JavaScript (JS), Bootstrap, SQLite (Database), MongoDB, UI/UX.
- **Programming Languages:** Python, C++, C, Java, PHP.
- **Databases & Data Management:** Database Management System (DBMS), SQLite, MongoDB.
- **Data Analysis/AI:** Matplotlib, Pandas, NumPy, Scikit-learn, SciPy, Scikit-image, TensorFlow, PyTorch, Data Visualization (Tableau, Power BI), Machine Learning Concepts, Prompt Engineering.
- **Engineering Principles:** Software Engineering, Problem Solving, Data Structures, Git, AWS.
- **Communication Skill**

PROJECTS

1. COLLEGE PLACEMENT DASHBOARD (WEB APPLICATION)

Technologies: React, CSS, Django, SQLite, ML Frameworks

Description:

A web dashboard for managing and tracking the college placement lifecycle.

- **MVT ARCHITECTURE:** Built student, company and placement models using Django MVT; designed views and templates for recruiters and students.
- **DATABASE MANAGEMENT:** Implemented ORM queries, filters, aggregations and reporting using SQLite for quick prototyping.
- **ADMIN WORKFLOWS:** Created admin interfaces and exportable reports (CSV) for placement coordinators.

2. MARKETING EMPLOYEES ATTENDANCE AND TIME TRACKING SYSTEM

Technologies: Tkinter, Python, SQLite, ML Frameworks

Description:

Desktop application to track employee sign-in/sign-out and calculate working hours.

- **GUI IMPLEMENTATION:** Built responsive Tkinter UI with login, sign-in/out and admin dashboard screens.
- **ATTENDANCE LOGIC:** Implemented check-in/check-out, break handling, CSV export and summary reports using SQLite.
- **REPORTING & EXPORT:** Daily/Monthly attendance summaries and CSV export for payroll processing.

3. BARTER BAY (E-COMMERCE EXCHANGE PLATFORM)

Technologies: HTML, CSS, JavaScript, PHP, SQLite

Description:

Peer-to-peer bartering platform for exchanging goods with demo payment/receipt flows.

- **BACKEND LOGIC:** Implemented user, product, offer and transaction modules in PHP with server-side validation.
- **MATCHING LOGIC:** Developed matching algorithm to suggest barter partners based on item attributes and user preferences.
- **PAYMENT & RECEIPT:** Integrated Razorpay(Test Mode) for payment, receipt generation and order tracking for UX demos.

4. MUSIC PLAYER WITH DJ MIXER

Technologies: React, CSS, Django, SQLite

Description:

Custom music player with secure download support and metadata search.

- **PLAYBACK ENGINE:** Implemented JS-based audio player with playlists, seek, shuffle and loop controls.
- **METADATA MANAGEMENT:** Stored and indexed metadata (title, artist, album, path) in SQLite for fast search.

5. EXPENSE TRACKER (FINANCIAL TOOL)

Technologies: React, CSS, Django, SQLite, ML Frameworks

Description:

A tool to log, categorize and visualize personal expenses.

- **REACT FRONTEND:** Built responsive UI with add/edit/delete and state persistence.
- **CATEGORIZATION & ANALYTICS:** Implemented tagging, filtering, category-wise summaries and simple charts.
- **EXPORT & STORAGE:** CSV export and local persistence for offline usage.

6. CALORIE CALCULATOR

Technologies: HTML, CSS, JavaScript, Bootstrap

Description:

Web utility calculating BMR and daily caloric recommendations.

- **FORMULA IMPLEMENTATION:** Implemented Mifflin–St Jeor and Harris–Benedict equations client-side with validation.
- **RESPONSIVE UI:** Designed mobile-friendly form and immediate result display.
- **USER INPUT HANDLING:** Height/weight/age/gender conversions and edge-case handling.

7. ALUMNI DATA MANAGEMENT – SIH

Technologies: Java, Spring Boot, React, Kubernetes, MySQL

Description:

Scalable microservices platform for centralized alumni data and engagement.

- **MICROSERVICE DESIGN:** Implemented modular services (auth, profiles, search) using Spring Boot.
- **API & FRONTEND:** Developed REST APIs and React frontend for profile management and search.
- **DEPLOYMENT & SCALABILITY:** Containerized services and deployed to Kubernetes with basic CI/CD.

8. BEAUTY-NEST (E-COMMERCE PLATFORM)

Technologies: Django, HTML, CSS, JavaScript, SQLite

Description:

E-commerce prototype focused on beauty product listings and admin controls.

- **PRODUCT MANAGEMENT:** CRUD product modules with categories, images and search.
- **ADMIN DASHBOARD:** Built admin workflows for product approval, inventory and orders.
- **FRONTEND & UX:** Responsive product listing pages and product-detail UI.
- **PAYMENT & RECEIPT:** Integrated Razorpay(Test Mode) for payment, receipt generation and order tracking for UX demos.

9. TO-DO LIST (WEB APPLICATION)

Technologies: HTML, CSS, JavaScript, Django, SQLite

Description:

Task management app with full CRUD and persistent storage.

- **TASK WORKFLOWS:** Add/edit/delete/complete tasks with due dates and priorities.
- **PERSISTENCE:** SQLite-backed storage and simple search/filter functionality.
- **UI INTERACTIONS:** Interactive task toggles and quick-edit modals using JS.

10. FOOD DELIVERY UI

Technologies: HTML, CSS, JavaScript, UI/UX tools

Description:

Frontend UI for browsing restaurant menus, adding items to cart and viewing order summaries.

- **ORDER FLOW:** Menu listing, add-to-cart interactions and order summary UI.
- **CART MANAGEMENT:** Client-side cart, item quantity updates and subtotal calculations.
- **RESPONSIVE DESIGN:** Mobile-first menu browsing and checkout experience.

INTERESTS AND FUTURE FOCUS

My professional focus lies in Full Stack Engineering, AI/ML, secure coding, cloud-native systems, MLOps pipelines, CI/CD automation and open-source contributions.

- **MLOps & DevOps:** CI/CD, Docker, Kubernetes
- **Cybersecurity:** Secure coding practices, vulnerability assessment
- **Advanced Data Science:** Model deployment, monitoring, visualization
- **Open Source:** Contributing to Python and JavaScript ecosystems

LANGUAGES KNOWN

- **Tamil:** Native
- **English:** Fluent
- **Malayalam:** Speak, Understand
- **Hindi:** Read, Write

PERSONAL DETAILS

- **Date of Birth:** 25/08/2005
- **Marital Status:** Single
- **Blood Group:** B Positive
- **Nationality:** Indian
- **Religion:** Hindu
- **Native Place:** Coimbatore
- **Father's Name:** Suresh Kumar G
- **Father's Profession:** Assistant Branch Manager, Kotak Life Insurance
- **Mother's Name:** Rajeswari S
- **Mother's Profession:** Homemaker
- **Hobbies:** Reading technical blogs, competitive programming, trekking
- **Goals:** Secure a challenging engineering role combining full-stack development and ML

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
